

Infosys Recruitment 2026 Eligibility Criteria

For the 2026 batch, the basic criteria remain stringent to ensure high quality:

- Academic Score: Minimum 60% or 6.0 CGPA throughout Class 10th, 12th, and Graduation.
- Backlogs: No active backlogs at the time of the selection process.

Streams: BE/B.Tech/ME/M.Tech (All streams), MCA, and MSc (CS, IT, Mathematics, or Statistics).

Infosys Recruitment Process 2026: Assessment Rounds

The 2026 hiring cycle typically consists of three main stages:

1. Online Assessment
2. Technical Interview
3. HR Interview

1. Online Test (100 Minutes)

The online test is the primary filter. There is no negative marking, but sectional cutoffs apply.

Section	Skills Tested	Questions	Duration
Section I	Reasoning Ability	15	25 mins
Section II	Mathematical Ability	10	35 mins
Section III	Verbal Ability	20	20 mins
Section IV	Pseudocode	5	10 mins

Section V	Puzzle Solving	4	10 mins
-----------	----------------	---	---------

- Pseudocode: Focuses heavily on C, C++, and Data Structures.
- Puzzle Solving: Requires high logical and pattern-recognition abilities.

For Recruiters: Multi-section tests like this — reasoning, quant, verbal, logic — are exactly what Unstop's [AI Assessment Agent](#) helps companies build and auto-score at scale.

2. Technical Interview

This round tests your core subject knowledge. Expect questions on:

- Programming: C++, Java, or Python (writing code on paper/screen).
- Fundamentals: DBMS (SQL queries), OS, and Networking.
- Projects: Deep dive into the logic used in your final year project.

3. HR Interview

The final hurdle focuses on communication and culture fit. Be ready for questions like:

- *"Why do you want to join Infosys?"*
- *"Are you comfortable with relocation and night shifts?"*
- *"Tell us about a time you handled a difficult team member."*

For Recruiters: Companies like Infosys run structured, multi-round interviews to evaluate technical and culture fit at scale. If you're hiring and want to replicate this with AI-driven, bias-free interviews, explore Unstop's [AI Interview Agent](#).
